H.264 Streaming

BETA REALEASE AVAILABLE MARCH 09'

Delivering LIVE in High Definition of H.264

Demonstrate BlinkoTV HD LIVE streaming solution by visiting our website www.blinkotv.com. BlinkoTV is designed to be deployed using off-the-shelf open standard equipment. Start broadcasting your HD stream using an HD camera PC or laptop, HD capture card from Black Magic Designs® or directly the Newtek Tricaster®. There is no need to buy expensive hardware.

Complete Channel Manager

Multiple channels may be managed within the BlinkoTV complete dashboard interface. Optionally LIVE event may be recorded for a complete VOD library for later viewing. Instantly setup a broadcast by downloading the BlinkoTV HD software to your PC. Start high definition streaming to your audience in minutes. Expand your audience by embedding the portable BlinkoTV HD player to into any website. You're in complete control of the broadcast when using BlinkoTV.

Real time multi-core multi-thread processing

The BlinkoTV HD software delivers superior quality streaming while using the latest off-the-shelf multi core technologies. BlinkoTV delivers the highest encoded definition without the need for complex proprietary hardware.

White label opportunities exist with EyePartner. OEM partnerships and dealers welcome. Please contact our corporate office at 1.305.289.4557 or info@eyepartner.com.
